Q2_1_TEXT - Yes

Yes

It helps understand how to assist others in those situation to ensure the best possible outcome for all.

Yes

expained the de-escalation

Gave clear examples and suggestions

This was a great lesson. It was not overly drawn out; very direct and to the point and kept my attention and focus for the duration. I will definitely use what I learned here when interacting with someone who displays signs of PDD.

I have contact with many individuals with PPD and this training offered many strategies for building rapport with these individuals in hopes of providing them assistance that they would be agreeable to.

Always help to have additional tools when dealing with special needs individuals

This was a good refresher course as I've had prior PDD and ASD training

Provided a personal and experienced view to more knowledge

Absolutely! As a social worker with the police department this information was vital and insightful. The visuals kept me engaged in learning new information and I appreciated lay terms and easy to understand language.

While dealing with anyone who comes into the public safety building, these tools will help in my evaluation of the person we are dealing with

Very knowledgeable

While looking through the information in the course I learned a lot that could be very beneficial to our work and duties

I do believe the information in the course can be used in our line of work

I believe the information being shown is very helpful and can most definitely be applied to my work

Didn't know too much of an understanding but after going through the course I've learned a fair amount and will be looking out for signs in the field

Great information

Q5_1_TEXT - Yes

Yes

This is a good overview of the topic.

very thorough

I knew very little about PDD, and did not know that Autism was a sub-category, amongst others, of PDD.

Yes, but would be helpful if there were stories about successful and failures regarding police officers and interactions with individuals with PDD/Autism

Yes

yes it did very well

It seemed very comprehensive.

I was not aware of PDD title until taking the class.

Was very comprehensive of the topic. I did not feel that anything was left out.

It was defined and explained in an understanding way

Amazing job covering all sectors of PDD. I really appreciated the piece on de-escalation!

It covered all topics from what to look for, to interacting, deescalating, interacting and positive outcome

Sure it did all topics were well answered and the information was very clear and got right to the point

Information was very clear and as far as I know of everything was covered

Personally not too familiar on the topic but everything being said makes sense and if fairly straight forward

Q5_2_TEXT - Maybe

Maybe

You could go more into detail on what an arrest may look like with someone with PDD but overall the information being show was very impressive

Q5_3_TEXT - No

No

Q8_1_TEXT - If yes pls explain where

| |
|---|
| If yes pls explain where |
| The repetition of a couple of the cover sheets |
| Very enjoyable to go through but just make sure things aren't too repetitive |
| Maybe a little more information about what to do if things escalate too far |
| some parts seemed repetitive |
| As mentioned before, real-world examples of successful interactions as well as failures would be helpful. |
| More quiz questions to test your knowledge of what you just read would be even more helpful encouraging the retention of the information. |
| I would like to see more pictures or maybe a topic that covers past cases of situations of individuals with pdd or autism |

If yes pls explain where

The video was very helpful when it talked about stimming, if you could incorporate maybe one or two more videos that would be very helpful
